A Letter from the President

Dear Elmhurst Residents,

Many Park District traditions returned this year and we're excited for this to continue into December. The Annual Tree Lighting in Wilder Park is set to take place Thursday, December 2 from 5:30-7:30 p.m. Stop by to visit with Santa Claus, enjoy seasonal activities and countdown the lighting of the 60 community trees that line the park.

Another mainstay, the Holiday Flower Show at the Wilder Park Conservatory, will begin on December 4. Take a break from the chill and stop by the conservatory for a beautiful poinsettia display through January 9.

As we enter the new year, progress continues on Vision 2020 capital projects, including the development of Centennial Park and the expansion of Glos Memorial Park. Both projects will expand recreational opportunities available to the community, especially in Elmhurst neighborhoods where park space and amenities are lacking. Construction on all of these projects is expected to be complete by late spring 2022.

The Glos Memorial Park project kicked off this fall with the demolition of 135 Palmer Drive. The plan includes landscaping, a pergola with a punched metal roof, a discovery pod including a turtle sculpture and log steppers, and additional seating. The Centennial Park plan includes playground equipment for ages 2-5 and ages 5-12, a shelter and plaza with geyser spray features and adult fitness equipment.

Updates at Centennial Park also include renovations to the building on the site, located at 155 E. St. Charles Road. Now known as Centennial Recreation Center, it is the future home of the Park District's Adult Center. The building has not had any major renovations in the past 20 years and renovating the building will bring it into code compliance and improve some of the building aesthetics.

Bids were let this fall for construction, and renovations include remodeling the restrooms for ADA compliance, improving signage, interior painting, completing exterior improvements to the roof, and improving the site's pavement and sidewalks.

The Centennial Park and Centennial Recreation Center projects will be funded primarily from the sale of The Abbey to Elmhurst School District #205 while previously received developer donations, along with additional donations received in 2021, will fund the Glos Memorial Park expansion.

Learn more about the Master Plans on our website, epd.org.

The Park District continues to seek input from the community on its vision for the Park District's future. In 2022, the Park District will redefine Vision 2020 Plan priorities to create a new community-driven vision of parks and recreation for 2022 and beyond. Look for more details in coming months.

Have a safe and happy New Year!

Houses of Tomorrow February 4 - May 29, 2022

Houses of Tomorrow follows the evolution of the innovative work of "the first solar architect" George Fred Keck, through his early energy-efficient homes in Chicagoland that featured technologies pioneering the sustainable practices of today. Accompanying the exhibition is a special commission by artist Jan Tichy interpreting the solar advances first used by Keck. Keck's innovative work began at the 1933 Chicago World's Fair with his groundbreaking House of Tomorrow, the first glasshouse in America. The sustainable Mid-Century homes

by Keck and his brother throughout the Midwest, and the lessons taught through their energy-efficient practices, are now more relevant than ever

McCormick House: From the Collection February 4 - May 29, 2022

Explore the Mies van der Rohe-designed McCormick House through a permanent collection display in the Children's Wing. Works by Midwestern artists are highlighted along with classic mid-century furnishings and historic photographs of the house's interior.

Junior Development Pathway Program

10 and **Under Programs**

Our junior program is the cornerstone of all tennis programming at Courts Plus. Players of all ages develop through the various stages of learning by following our Junior Development Pathway.

The Pathway begins with our **10 and Under Programs** (Mighty Mites, Little Athletes, Big Athletes, and Future Stars). These programs use a curriculum based on the highly successful USTA and ITF 10 and Under program, utilizing appropriate court size and equipment while allowing players to develop through the stages at their own pace.

When children have completed the 10 and Under Program or are new to tennis, they move to the Courts Plus **Development Program** and progress at their own pace through the Junior and Senior age levels, with the goal of moving into the **Academy Program** and/or High School Tennis. The **Academy Program** is the pathway for the more serious player who has made a commitment to tennis, competing in tournaments and wants to play on Varsity tennis teams. The **Academy Programs** includes programming at both the junior and senior level.

For players who aspire to play at the top level of competition after the culmination of the Courts Plus Junior Development Program, we offer the **Academy High School and Tournament groups.**

In 2021, the four seasonal virtual brochures had an average of 25,000 views. Viewership continued to remain high. This tells us that the community remains very interested in Park District programming and events. The link to the brochure is also sent via Constant Contact to more than 12,500 contacts. Premium position ads are at the front of the brochure to ensure views and full page ads juxtapose our most popular programs or events. Lastly, we include a link to the advertiser's website.

For 2022, we plan to continue with a virtual brochure. We are also bringing back the print version! Households must sign up to be on the mailing list. Print copies will also be distributed around the community, including at Wagner Community Center, Courts Plus, the Administrative Office, and Sugar Creek Golf Course.
