100 YEARS of having fun!

Established in 1920, Elmhurst Park District spent its first 100 years creating opportunities for having fun in our parks and programs! We'll continue to pursue this goal in 2020, but we invite you to take a stroll through the past as we celebrate our centennial. Enjoy our throwback photos in this brochure, which pay tribute to the roaring twenties and the thirties. Each brochure this year will highlight a different era, so stay tuned for the forties and fifties this spring!

You can find history in just about every corner of the Park District. From Wilder Park Conservatory, built in 1923, to Salt

Creek Park, created in 1927, generations can find common ground on the memories they made enjoying a game of baseball, watching their children play or going for a picnic.

There will be many opportunities to celebrate our anniversary throughout the year with events, giveaways and our 100th Anniversary Community Picnic, scheduled for Saturday, June 6 in Wilder Park. Thank you to the Elmhurst community for your support over the last 100 years! We look forward to serving you in the next 100 years – and beyond!

Letter from the Board President ...

On June 5, 1920, an election was held to establish Elmhurst Park District and the first Board of Park Commissioners. The land known as Wilder estate was acquired about a year later, May 5, 1921. It be-came known as Wilder Park and, to this day, is at the center of cultural and recreational life in Elmhurst.

Now, looking ahead to 2020, we're grateful for the opportunity to celebrate our 100th anniversary and to grow the legacy that was established by those who came before us. At the heart of what we do is the community. Engaging Elmhurst in their needs and interests is a way of ensuring that the Park Dis-trict remains a vital piece of the community for the next 100 years.

With Vision 2020, our comprehensive strategic plan, we have listened to residents tell us what they envision as the future of the Park District. We are focused on six possible projects, which were formed based on your feedback:

- Indoor Sports Facility
- Dog Park
- Senior Center
- An expanded Wagner Community Center
- Acquisition of more open space
- Improved condition and maintenance of Parks and Amenities

At the September 9, 2019 meeting of the Park Board, staff presented implementation plans and finan-cial options for these large-scale projects. After reviewing the financial plans, the Board decided to pursue a voter survey that will determine the level of community support to fund the six projects through a possible referendum in March 2020.

Also in September, the Board approved a contract to purchase a 16-acre site at 837 Riverside Drive, located at the intersection of Route 83 and Riverside Drive, as the potential home of a new indoor sports facility. The contract is contingent on a successful referendum.

The District continues to be interested in gathering feedback from the community. Our website, vision2020.epd.org, is your destination to tell us more and to view project updates and presentations.

This being our 100th anniversary, we are looking forward to celebrating with you all year long, including at our 100th anniversary Community Picnic on Saturday, June 6 in Wilder Park! Follow us on Facebook @ElmhurstParkDistrict or visit epd.org to be the first to hear about other 100th anniversary happenings and check out our Special Events calendar in this brochure to plan a year full of fun.

On behalf of my fellow commissioners, it is our privilege to serve you in every season!

Vince Spaeth, Board President

CHARLES DARWIN AND HIS REVOLUTIONARY IDEA

Imagine an evening at London's Royal Geological Society, with the affable, young Charles Darwin, telling the stories of his amazing adventure sailing around the world on HMS *Beagle*. Darwin tells humorous tales of his training as a naturalist, his insights into South American geology, his discovery of strange creatures on the Galapagos Archipelago and most importantly, the scientific evidence that lead to his revolutionary theory. Storyteller and science teacher, Brian "Fox" Ellis steps into Darwin's shoes to model the scientific process, engaging listeners in a discussion of the facts so they can draw their own conclusions. Equal parts dramatic storytelling, stand-up comedy, and show and tell, the audience is immersed in the intellectual world of one of history's greatest scientific minds. He brings a wide array of fossils, insects, plants and study skins so the audience can experience the discoveries of Darwin with hands-on analysis.

Early CHILDHOOD

The Elmhurst Park District recognizes that children's experiences in the early years of life influence how they develop, learn, and interact with the world. Early childhood is marked by tremendous growth and sets the foundation for children's future learning and ongoing development. Consequently, the Park District offers a series of early childhood programs designed specifically for infants/toddlers thru age five that allow children to progress from taking a class with a parent or caregiver to taking classes independently. Our early childhood instructors are CPR/AED certified and have a background in early childhood education.

2020 Vision

Focus on the Future

What is Vision 2020?

Vision 2020 is a collaborative community-wide effort to define Elmhurst's priorities and help guide future Park District planning efforts. We're using Park District resources to put your long-range vision into action. Research we conducted to help develop Vision 2020 confirmed that Elmhurst's residents love their parks and want to ensure the facilities and opportunities they enjoy are preserved and improved for current and future generations.

How did the Park District gather community input?

We've gathered your suggestions, ideas and feedback through several points of community input and discussion since our Vision 2020 process began in Fall 2016, such as at open houses and through scientific and online surveys, focus groups and interviews. We also conducted a community needs assessment of current programs, facilities and amenities. We're still listening and want to hear from you. Let us know what your vision for the future of Elmhurst's programs, parks and open space looks like.

How were the six projects chosen?

Your Vision 2020 feedback illuminated several needs and priorities that are important to you. The Park District listened to residents and community stakeholders and used the key findings from that input to guide future planning efforts. The six potential projects outlined here are all high priorities for our community. See the next page for more information on the six projects.

Learn more at Vision2020.epd.org! You've told us a lot so far and we're listening. You'd like new places to play. You want more community programming. You want even better upkeep of parks and fields. With your help, the Elmhurst Park District can make the Vision 2020 plan a reality.

Visit vision2020.epd.org

NEW DOG PARK

Park District land on Old York Road offers optimal space for Elmhurst's first off-leash dog park, an amenity many of our neighboring communities already have. Based on your Vision 2020 input, we've formed a master plan with conceptual designs that include separate areas for small and large dogs, a walking path, shaded space and agility equipment.

NEW INDOOR SPORTS FACILITY

Our community wants more indoor sports space, such as a walking track, turf fields, and a gymnasium with hardwood courts. Nearly a third of Elmhurst households don't participate in our programs because the facilities they're looking for aren't available. An indoor sports facility would allow us to serve more members of the community.

NEW ADULT CENTER

Based on community feedback, we determined that we can best address your needs by building a new multi-dimensional adult center. Nearly 60 percent of you support a new facility, which would provide space for expanded adult programming and existing senior programming.

NEW WAGNER COMMUNITY CENTER

You've told us that the Park District needs more programming space, better conditions and more convenient locations. Adding a gym and multi-purpose rooms to Wagner Community Center could open up space in other parks and consolidate popular programs.

IMPROVE CONDITIONS AND MAINTENANCE

Elmhurst parks were rated in "fair" condition overall on maintenance and upkeep, while less than half of park amenities earned a high rating on a recent evaluation. More frequent and improved maintenance will protect your vital park assets.

ACQUIRE MORE OPEN SPACE

Elmhurst falls below local, regional and national benchmarks for parks and open space. To narrow the gap, the Park District could add park space and spread it more evenly throughout the community. More than 60 percent of Elmhurst residents surveyed support acquiring land and developing parks in underserved areas throughout the community.

Sandra Jorgensen: Her Garden

January 25 - April 19, 2020

The artist-curator Sandra Jorgensen (1934 - 1999) held positions as professor and chair at Elmhurst College, and curator of the Elmhurst College Art Collection, for many years. As a figure outside of Chicago, her work and influence have largely been overlooked, but her efforts, including curating and promoting the work of the Chicago Imagists, continue to have a major impact nationally and internationally. This survey exhibition of Jorgensen's work--including a series of photos never printed before--will recognize Jorgensen's accomplishments, and will place her work amongst the larger stories of Chicago and Midwestern artists.

As curator Jorgensen was the major driving force behind maintaining and growing the Elmhurst College art collection. In doing so, she became a major caretaker of Chicago's cultural history, and amassed an internationally-known collection now considered "the finest of its kind". Her connoisseurship and vision were critical to the College's art collection, as well as the formation of the Elmhurst Art Museum. She served on the board of the Elmhurst Fine Arts and Civic Center Foundation, the entity that helped start the Elmhurst Art Museum

Rendering of *McCormick AfterParti* by Could Be Architecture

Could Be Architecture: McCormick AfterParti January 25 - April 19, 2020

Could Be Architecture, a collaborative duo of Joseph Altshuler and Zack Morrison (Elmhurst), designs "seriously playful spaces, things and happenings that celebrate what your world could be". These designers and educators will create an interactive installation in the McCormick House to invite new and unexpected explorations that reference the home's original 1952 floor plan, such as crouching through a rounded porthole or as a site for a "parti" with culinary wonders. Playful interventions continue throughout the domestic space including a rack of architectural blocks for a youth workshop in the house's playroom space, pull-out seating in the living room, shapely cabinets within the former kitchen, and bed-like features in the bedroom.

During the exhibition, the house will be the site of numerous events and audience interactions, highlighting the space as one of continual inspiration, while also having open discussions about past/future preservation efforts. Much like a home, it is not a corded off space, but rather filled with movement, light, activity, conversation, and much more.

Elmhurst Distric 205: Young Masters K-8 Art Exhibition

This pop-up exhibition will feature over 300 works by local students from District 205, highlighting selected pieces from 11 area schools. Artists from both elementary and middle schools will showcase their work from the 2019-2020 school year. Admission is free this weekend, so come enjoy the exhibition and visit the museum's booth at Art in Wilder Park for an art activity.

FUTURE BLUES DEVELOPMENTAL HOCKEY LEAGUE

Ages 6-8, Born 1/1/2011-12/31/2014

Players born from 1/1/2011 to 12/31/2014 are invited to join the best developmental hockey league in the country. We will be following the USA Hockey Athletic Development Model (ADM) to provide the best possible experience for your up and coming hockey player. At ages 6-8, we will be focusing on providing FUN, motivating practices and games, developing reasoning skills through unstructured competition. Sessions will build confidence by creating competitive groups, which will allow for a high rate of success and promote individual and group participation. All participants must register at least one week prior to the start of the session. All players are required to attend the evaluation skate on Saturday, January 4, 2020 at 8:50 a.m. at Edge Ice Arena. Additional information can be found on the Blues website at www.chicagoblueshockey.org.

Games will consist of half ice games with the new hard board system splitting the ice in two. Competitive matching will be the rule to create parity amongst teams. By splitting the ice into two we will be creating more opportunity for each young player to get involved in the game and thus use their skating, puck-handling, agility, and shooting on a more frequent basis. Game and practice times are typically Saturdays and Sundays. For maximum development, we recommend registering for Wednesday pre-hockey to add more repetitions in skills training.

JUNIOR DEVELOPMENT PATHWAY PROGRAM

Our junior program is the cornerstone of all tennis programming at Courts Plus. Players of all ages develop through the various stages of learning by following our Junior Development Pathway. The Pathway begins with our **10 AND UNDER PROGRAMS** (Mighty Mites, Little Athletes, Big Athletes, and Future Stars). These programs use a curriculum based on the highly successful USTA and ITF 10 and Under program, utilizing appropriate court size and equipment while allowing players to develop through the stages at their own pace.

When children have completed the 10 and Under Program or are new to tennis, they move to the Courts Plus **DEVELOPMENT PROGRAM** and progress at their own pace through the Junior and Senior age levels, with the goal of moving into the **ACADEMY PROGRAM** and/or High School Tennis.

The **ACADEMY PROGRAM** is the pathway for the more serious player who has made a commitment to tennis, competing in tournaments and wants to play on Varsity tennis teams. The **ACADEMY PROGRAM** includes programming at both the junior and senior level.

For players who aspire to play at the top level of competition after the culmination of the Courts Plus Junior Development Program, we offer the **ACADEMY HIGH SCHOOL AND TOURNAMENT GROUPS**.

Love Your Parks: Give the gift that lasts a lifetime!

MEMORIALS and GIFTS

The Elmhurst Park District's mission is to provide experiences for the lifetime enjoyment of people who live and play in Elmhurst. Much of what the District provides would not be possible with tax dollars alone. Private help and strong partnerships are essential if we are to continue to enhance our recreation and parks system. Love your parks...and give a gift that lasts a lifetime.

TREE MEMORIAL PROGRAM

The Tree Memorial Program is available to commemorate individuals, organizations and special events such as birthdays and anniversaries. Memorial trees, once planted and marked with a bronze plaque, are living dedications that enhance the community. A wide variety of trees are available through the program, with prices varying according to species. Bronze plaques are placed at the foot of each tree, and plaque prices vary depending on the size and length of your inscription.

COMMEMORATIVE BRICKS PROGRAM

The Elmhurst Park District invites you to honor a loved one or commemorate a special occasion with a permanent engraved brick paver. With seven unique locations to choose from, including the Diana Nicholas Memorial Garden at Wilder Mansion, The Hub at Berens Park, and the Wilder Woodland Walkway, you're sure to find the perfect spot for your message.

PARK BENCH MEMORIAL PROGRAM

Create a dedicated space to commemorate a special person in your life or celebrate a special event with a Park Bench Memorial. Once installed, park benches are marked with a 2" x 4" bronze plaque and can be personalized with up to three lines of type. The commemorative park bench serves as a beautiful lasting remembrance that will benefit the community for many years.

LAMP POST MEMORIAL PROGRAM

Framing the Prairie Path, Elmhurst's lampposts light the way for the hundreds of bikers, walkers, runners and nature enthusiasts that traverse its length each day. With a donation to the People for Elmhurst Parks Foundation (PEP), a bronze plaque will be installed on an available lamppost to preserve the legacy of your loved one or commemorate a special occasion.

CASH DONATIONS

Cash donations are a direct way to show your love for the parks. Donations can be unrestricted or restricted to a particular park, building, or program area.

LAND TRUSTS

The development and protection of green space is a key objective of the District. Land trusts are a wonderful way to ensure more green space for future generations.

WILLS & LIVING TRUSTS

The Elmhurst Park District benefits from your planned future support of our parks and facilities. Much of the valued green space in the community today is the result of generous Elmhurst residents.

People for Elmhurst Parks Foundation

Founded in 1985, the People for Elmhurst Parks Foundation (PEP) is an independent group of concerned individuals that works in partnership with the Park District to raise funds for many park and recreation projects that benefit the community. Since its inception, PEP has raised over \$350,000 to help fund projects such as Safety Town, the Spring Road Gazebo at the Prairie Path, the Mobile Band Shell, Prairie Path lampposts, York Commons Skate Park and the Wilder Mansion Historic Preservation & Beautification Endowment Fund.
