Elmhurst Park District Organizational Chart Full-time Staff December 13, 2022

June 7, 2023

To: The Honorable Board of Park Commissioners and Citizens of the Elmhurst Park District

The Annual Comprehensive Financial Report of the Elmhurst Park District for the fiscal year ended December 31, 2022, is hereby submitted. The District is required by State Statute (50 ILCS, Par. 310/2, et seq.) to annually issue a report of its financial position. The financial activity presented is in conformance with generally accepted accounting principles (GAAP) and has been audited in accordance with generally accepted auditing standards by an independent firm of certified public accountants. It is the responsibility of the Elmhurst Park District to ensure both the accuracy of the data and the completeness and fairness of the presentation, including notes and disclosures. Based upon strict adherence to state law, internal policies and ethical procedures, this presented information is accurate and presents the financial position and operational results of the District. There were no financial policies that had a significant impact on the current period's financial statements.

The District has internal controls in place to ensure that the District's assets are protected from loss, theft or misuse. The cost of these internal control measures do not outweigh their benefits, resulting in financial statements that provide reasonable, rather than absolute, assurance that they are free from material misstatements.

Generally accepted accounting principles (GAAP) require a Management Discussion and Analysis (MD&A) that includes a narrative introduction, overview, and analysis to accompany the financial statements. This letter of transmittal is meant to complement the MD&A and should be used in conjunction with it. This report includes all funds of the Elmhurst Park District.

Profile of the Elmhurst Park District

The District, established in 1920, serves the residents of Elmhurst and small portions of unincorporated Elmhurst, the cities of Addison, Berkeley, and Northlake. The Park District manages 475 acres of parkland within 29 parks ranging in size from small neighborhood parks to large parks with facilities for softball, baseball, soccer, tennis, in-line skating and playgrounds. Within the parks system, the District also maintains and operates the Wilder Park Conservatory and Museum, the Elizabeth Friendship Walk, which features flowers, exotic foliage, and tropical plants, and The Hub (miniature golf, batting cages, spray ground, and concessions building). The District is also responsible for the Wilder Mansion (a historic rental facility), Courts Plus Fitness Center (multi-use fitness facility with indoor pool), and Sugar Creek Golf Course (9-hole, par 32 course and driving range), jointly owned and operated by the Elmhurst Park District and the Village of Villa Park. The Sugar Creek Golf Course reports its financial information under a separate, annual financial report.

The District provides a diversity of recreational opportunities including sports, specialized summer camps, gymnastics programs, preschool programs, before and after school child activity programs, and performing and visual art classes along with a diverse selection of activities and social services for the senior population. The Wagner Community Center houses recreation programs and the District's gymnastics center. The District is also a member of the Gateway Special Recreation Association, which provides recreational services for adults and children with disabilities. The District also has two outdoor, heated community pools and offers swim lessons at both locations.

The District serves approximately 45,326 residents in 16,154 households primarily in DuPage County and a small portion of Cook County. Elmhurst, located about 16 miles west of downtown Chicago, is primarily a residential area covering approximately 9.8 square miles. The percent of families with children under age 18 is 25.1%, the median age is 40.7 years, and the percent of the population over 65 is 16.5% (2020 Census for City of Elmhurst). The average family income is \$123,869 and per capita income is \$59,911 (2020 Census for the City of Elmhurst). In 2017, Moody's Investors Service assigned the \$4.3 million General Obligation Limited Tax Refunding Bond issuance a rating of Aa1. In addition, in 2019, Standard and Poor's assigned the \$5.175 million General Obligation Alternative Revenue Bond issuance a rating of AA illustrating the District's excellent financial condition. These ratings enables debt financing for infrastructure or major capital to be acquired at a significant savings of interest.

Organized and operating under the provisions of the Illinois Park District Code, the District levies property taxes on real and personal property within its boundaries. It operates under a community-elected volunteer Board of Park Commissioners consisting of seven members serving staggered six-year terms and is responsible for policy-making decisions. The Executive Director is appointed by the Board, administers Board policies, programs, and directs staff. Legal level of budgetary control is at the fund level.

Long-Term Planning

In 2016-17, the Park Board and staff updated the District's Comprehensive Plan and Strategic Plan using a process that included gathering and reviewing community and staff feedback and assessments of parks, facilities, and programs to analyze the state of the District, creating the community's future vision of park and recreation services and developing an action plan to implement that vision. By basing this Plan on community feedback and defining priorities, the Board can prepare for future community desires and needs along with clarifying organizational direction for focused decision making. Since the inception of the District's first Comprehensive Plan and Strategic Plan, the Board and staff have selected and implemented projects, programs, and initiatives based upon the priorities articulated during the planning process. To be good stewards of taxpayer dollars, it not only takes financial discipline, but adherence to these priorities established by the community through the new Vision 2020: Comprehensive and Strategic Plan

Major Initiatives

As challenges by the COVID-19 pandemic began to lessen, in 2022, the District remained committed to the six themes of the Vision 2020 Plan: meet community needs for parks, open space and outdoor amenities; meet community needs for new and existing indoor recreation space; innovative programming to meet community needs; exceptional and consistent guest experience; sustainable revenue strategies and funding options; and employee growth and development.

Initiatives completed during the year included the following:

- Completed development of Centennial Park (District's first brand-new park in more than 30 years)
- Celebrated the opening of the Centennial Recreation Center
- Completed the Glos Park expansion
- Redeveloped Eldridge Park east playground
- Acquired properties, completed Master Plan and applied for OSLAD Grant to provide funding for newly named Pick Park
- Began creek restoration at Sugar Creek Golf Course

Other Information

Independent Audit: The District is required by Illinois Compiled Statutes to have an annual audit conducted by an independent certified public accountant selected by the Board of Park Commissioners. The audit firm, Lauterbach & Amen, LLP, Certified Public Accountants' report on the general-purpose financial statements and combining and individual fund statements and schedules are included in the financial section of this report.

Awards: The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Elmhurst Park District for its annual comprehensive financial report for the fiscal year ending December 31, 2021. This was the fifteenth consecutive year that the District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the District was a Finalist in the National Gold Medal Award for Excellence in Park and Recreation Management (2006-2008, 2010-11), was accredited (1999-2005) and reaccredited (2006-2011, 2012-2017, 2019-2024) by the Illinois Association of Park Districts and Illinois Park and Recreation Association as an Illinois Distinguished Agency, and received the Government Finance Officers Association (GFOA) Distinguished Budget Presentation Award (2007-2022).

Affiliations: The District is a member of the National Recreation and Park Association (NRPA), the Illinois Association of Park Districts (IAPD), the Illinois Park and Recreation Association (IPRA), and the Gateway Special Recreation Association.

The timely preparation of this annual comprehensive financial report was made possible by the dedicated staff of the Park District and coordinated by the Finance and Human Resources staff. We would like to express our sincere appreciation for their contributions not only to this report, but also to their commitment of abiding to policies and procedures to ensure the high integrity of the information presented in this financial report. We thank the Board of Park Commissioners for their leadership and support as it relates to the financial operations and policies of the District.

Sincerely,

James W. Rogers Executive Director

INDEPENDENT AUDITORS' REPORT

June 7, 2023

Members of the Board of Commissioners Elmhurst Park District Elmhurst, Illinois

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Elmhurst Park District, Illinois, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Elmhurst Park District, Illinois, as of December 31, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison schedules, and GASB-required pension and other post-employment benefit (OPEB) reporting, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Elmhurst Park District, Illinois June 7, 2023

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Elmhurst Park District, Illinois' basic financial statements. The other supplementary information and supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, other supplementary information and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Lauterbach & Amen. LLP

LAUTERBACH & AMEN, LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis December 31, 2022

Our discussion and analysis of the Elmhurst Park District's (the District) financial performance provides an overview of the District's financial activities for the fiscal year ended December 31, 2022. Please read it in conjunction with the transmittal letter, which can be found in the introductory section of this report and the District's financial statements, which can be found in the basic financial statements section of this report.

FINANCIAL HIGHLIGHTS

- The Elmhurst Park District's net position increased as a result of this year's operations. Net position of governmental activities increased by \$2,553,050, or 5.0 percent.
- During the year, government-wide revenues for the primary government totaled \$17,619,572, while expenses totaled \$15,066,522, resulting in an increase to net position of \$2,553,050.
- The Elmhurst Park District's net position totaled \$53,771,600 on December 31, 2022, which includes \$39,476,225 net investment in capital assets, \$4,620,659 subject to external restrictions, and \$9,674,716 unrestricted net position that may be used to meet the ongoing obligations to citizens and creditors.
- The General Fund reported a deficit this year of \$24,479, resulting in ending fund balance of \$7,775,892, a decrease of 0.3 percent.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the District as a whole and present a longer-term view of the District's finances. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the District's operations in more detail than the government-wide statements by providing information about the Elmhurst Park District's most significant funds.

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of the District's finances, in a matter similar to a private-sector business.

The Statement of Net Position reports information on all of the District's assets/deferred outflows and liabilities/deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Consideration of other nonfinancial factors, such as changes in the District's property tax base and the condition of the District's parks and facilities, is needed to assess the overall health of the District.

Management's Discussion and Analysis December 31, 2022

USING THIS ANNUAL REPORT - Continued

Government-Wide Financial Statements - Continued

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the District include general government and culture and recreation.

The District includes one joint venture in its report, the Sugar Creek Golf Course which is located in Villa Park, Illinois. Although legally separate, this "joint venture" is important because of the District's financial interest in the Sugar Creek Golf Course. Financial information for the joint venture is reported separately from the financial information presented for the District. The District handles all fiduciary and administrative functions of the Sugar Creek Golf Course.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

Management's Discussion and Analysis December 31, 2022

USING THIS ANNUAL REPORT - Continued

Governmental Funds - Continued

The District maintains four individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Recreation Fund, Debt Service Fund, and the Capital Improvements Fund, all of which are considered major funds. The District does not maintain any non-major governmental funds.

As per Illinois state law, the District adopts an annual Budget and Appropriation Ordinance for all of the governmental funds. Budgetary comparison statements are included in the basic financial statements and demonstrate compliance with the District's adopted annual appropriated budget.

Proprietary Funds

The District maintains one proprietary fund: internal service. Internal service funds are an accounting device used to accumulate and allocate costs internally among the District's various functions. The District uses an internal service fund to account for its Information Technology operations.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The internal service fund is listed as a single column in the proprietary fund financial statements. Individual fund data for the internal service fund is provided in the form of schedules elsewhere in this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's I.M.R.F. employee pension obligations, retiree benefits plan, and budgetary comparison schedules for the General Fund and the Recreation Fund.

Management's Discussion and Analysis December 31, 2022

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the District, assets/deferred outflows exceeded liabilities/deferred inflows by \$53,771,600.

	 Net Position			
	Governmental Activities			
	2022 2021			
Current/Other Assets	\$ 25,733,835	30,312,309		
Capital Assets	48,881,270	47,460,170		
Investment in Joint Venture	 1,059,886	768,648		
Total Assets	75,674,991	78,541,127		
Deferred Inflows	2,644,392	127,219		
Total Assets/		_		
Deferred Inflows	 78,319,383	78,668,346		
Long-Term Debt Outstanding	11,546,890	10,003,268		
Other Liabilities	 3,030,652	3,470,440		
Total Liabilities	 14,577,542	13,473,708		
Deferred Outflows	 9,970,241	13,976,088		
Total Liabilities/		_		
Deferred Inflows	24,547,783	27,449,796		
Net Position				
Net Investment in				
Capital Assets	39,476,225	36,983,443		
Restricted	4,620,659	5,859,784		
Unrestricted	 9,674,716	8,375,323		
Total Net Position	53,771,600	51,218,550		

A large portion of the District's net position, \$39,476,225 or 73.5 percent, reflects its investment in capital assets (for example, land, construction in progress, land development, buildings and improvements, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion, \$4,620,659 or 8.6 percent, of the District's net position represents resources that are subject to external restrictions on how they may be used. The remaining 18.0 percent, or \$9,674,716, represents unrestricted net assets and may be used to meet the government's ongoing obligations to citizens and creditors.

Management's Discussion and Analysis December 31, 2022

Change in Net Position				
Before Transfers	2,553,050	5,278,201		
Transfers	 _	3,883,171		
Change in Net Position	2,553,050	9,161,372		
Net Position - Beginning	 51,218,550	42,057,178		
Net Position - Ending	 53,771,600	51,218,550		

Management's Discussion and Analysis December 31, 2022

GOVERNMENT-WIDE FINANCIAL ANALYSIS - Continued

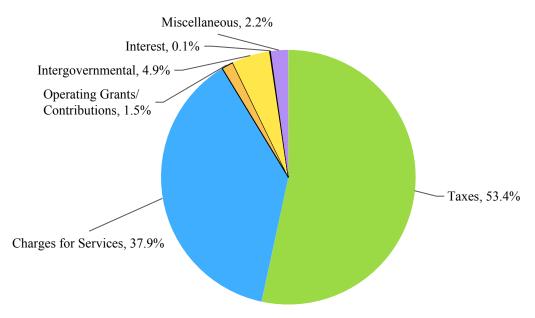

Net position of the District's governmental activities increased by 5.0 percent (\$53,771,600 in 2022 compared to \$51,218,550 in 2021). Unrestricted net position, the part of net position that can be used to finance day-to-day operations without constraints, totaled \$9,674,716 at December 31, 2022.

Governmental Activities

Revenues for governmental activities totaled \$17,619,572, while the cost of all governmental functions totaled \$15,066,522. This results in a surplus of \$2,553,050. In 2021, revenues of \$14,290,846 exceeded expenses of \$9,012,645, resulting in a surplus of \$5,278,201 prior to transfers in of \$3,883,171. The surplus in 2022 was due to the increase in charges for services of \$4,128,251. In 2022, total expenses for governmental activities were up 6,053,877 from the prior year.

The following table graphically depicts the major revenue sources of the District. It depicts very clearly the reliance of property taxes, utility taxes and use taxes to fund governmental activities. It also clearly identifies the less significant percentage the District receives from income taxes.

Revenues by Source - Governmental Activities

GOVERNMENT-WIDE FINANCIAL ANALYSIS - Continued

Governmental Activities - Continued

The 'Expenses and Program Revenues' Table identifies those governmental functions where program expenses greatly exceed revenues.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The District's governmental funds reported combining ending fund balances of \$14,749,480, which is \$86,214, or 0.6 percent, lower than last year's total of \$14,835,694. Of the \$14,749,480 total, \$6,522,686, or approximately 44.2 percent, of the fund balance constitutes unassigned fund balance.

The General Fund reported a decrease in fund balance for the year of \$24,479, a decrease of 0.3 percent. This was due in large part to a decrease in revenues for property taxes of \$158,276, a decrease in charges for services of \$4,807, and an increase in miscellaneous of \$90,673 from the prior year. Furthermore, net transfers out for the year were more than the previous year's net transfers out by \$1,491,745.

Management's Discussion and Analysis December 31, 2022

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS - Continued

Governmental Funds - Continued

The General Fund is the chief operating fund of the District. At December 31, 2022, unassigned fund balance in the General Fund was \$6,522,686, which represents 83.9 percent of the total fund balance of the General Fund. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance in the General Fund represents approximately 134.01 percent of total General Fund expenditures.

The Recreation Fund increase in fund balance for 2022 was \$1,139,480 and is also primarily attributable to an increase in property taxes of \$326,060, an increase in charges for services of \$3,751,819, and a decrease in intergovernmental revenues of \$127,641 from the prior year. In addition to that, the Recreation Fund had net transfers out of \$101,368 as opposed to net transfers in of \$704,905 in the prior year.

The Debt Service Fund balance decreased \$2,864 from the prior year. During 2022, payments on principal for outstanding debt totaled \$1,100,000. Interest and fiscal charges totaled \$347,485.

The Capital Improvement Fund net decrease in fund balance was \$1,198,351. In 2022, \$3,197,144 was used for capital projects, such as park land, land improvements, building improvements, and the purchase of new machinery and equipment for the Elmhurst Park District.

GENERAL FUND BUDGETARY HIGHLIGHTS

The District Board of Commissioners made no budget amendments to the General Fund during the year. General Fund actual revenues for the year totaled \$6,383,143, compared to budgeted revenues of \$5,153,552. Revenues for property taxes, charges for services, intergovernmental items, rental income and miscellaneous income were all over budget in the current year.

The General Fund actual expenditures for the year were \$214,705 under budgeted expenditures (\$4,867,245 actual compared to \$5,081,950 budgeted). The general government and culture and recreations functions' actual expenditures were lower than budgeted expenditures by \$158,955 and \$54,276, respectively.

Management's Discussion and Analysis December 31, 2022

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The District's investment in capital assets for its governmental and business type activities as of December 31, 2022 was \$48,881,270 (net of accumulated depreciation). This investment in capital assets includes land, land development, buildings and improvements, machinery and equipment, and construction in progress.

		Capital Assets - Net of			
		Governmental			
		Activities			
		2022 2021			
Land	\$	18,955,831	18,955,831		
Land Development		9,417,841	7,808,668		
Buildings and Improvements	19,494,758 18,979,1				
Machinery and Equipment	821,021 774,2				
Construction in Progress		191,819	942,293		
		48,881,270	47,460,170		

This year's major additions included:

Construction in Progress	\$ 116,363
Land Improvements	2,725,678
Buildings and Improvements	616,258
Machinery and Equipment	 255,374
	 3,713,673

Additional information on the District's capital assets can be found in Note 3 of this report.

Management's Discussion and Analysis December 31, 2022

CAPITAL ASSETS AND DEBT ADMINISTRATION - Continued

Debt Administration

At year-end, the District had total outstanding debt of \$9,490,000 as compared to \$10,590,000 the previous year, a decrease of 10.4 percent. The following is a comparative statement of outstanding debt:

	Lo	Long-Term Debt Outstanding			
		Governmental			
		Activities			
		2022 2021			
Debt Certificates	\$	550,000	1,010,000		
General Obligation Bonds		8,940,000	9,580,000		
		9,490,000	10,590,000		

The Elmhurst Park District maintains an Aa1 rating from Moody's and a AA rating from Standard and Poor's for general obligation debt. This rating has not changed in the past ten years. State statutes limit the amount of general obligation debt a non-home rule governmental entity may issue to 2.875 percent of its total assessed valuation. The current debt limit for the Elmhurst Park District is \$83,014,816.

Additional information on the District's long-term debt can be found in Note 3 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The District's elected and appointed officials considered many factors when setting the fiscal-year 2023 budget, tax rates, and fees that will be charged for its governmental activities. Turbulent economic times impacted the District in a number of ways and had to be taken into account when making plans and budgeting for 2023 including supply chain issues and the highest rate of inflation in four decades. These impacts included recommending that the District's tax levy be increased at the 5% level, along with fee increases in order to address the escalating cost of providing services to the community as well as to ensure resources are available to maintain the District's existing assets and address the Board's priorities.

As opposed to recent years, the 2023 Budget reflects a post-pandemic operating environment in which the Board and staff have continued to make decisions to protect the District's financial sustainability through prudent spending while working to address community needs as articulated in the Vision 2020 Plan.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Elmhurst Park District's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to the Office of the Director of Finance and Human Resources, Elmhurst Park District, 375 W. First Street, Elmhurst, Illinois 60126.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-Wide Financial Statements
- Fund Financial Statements

Governmental Funds

Proprietary Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

Notes to the Financial Statements December 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Elmhurst Park District (the District) of Illinois is duly organized and existing under the provisions of the laws of the State of Illinois. The District is operating under the provisions of the Park District Code of the State of Illinois approved July 8, 1947 and under all laws amendatory thereto. The District operates under the commissioner-director form of government. The District provides a variety of recreational facilities, programs and services.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the District's accounting policies established in GAAP and used by the District are described below.

REPORTING ENTITY

In determining the financial reporting entity, the District complies with the provisions of GASB Statements No. 61 "the Financial Reporting Omnibus - an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the District. Based upon the criteria set forth in the GASB Statement No. 61, there are no component units included in the reporting entity.

BASIS OF PRESENTATION

Government-Wide Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The District's culture and recreation and general administration are all classified as governmental activities. The District's has no operating activities that would be considered business-type activities.

In the government-wide Statement of Net Position, the governmental activities column is (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The District's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions (general government, culture and recreation, etc.). The functions are supported by general government revenues (property and personal property replacement taxes, certain intergovernmental revenues, interest income, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) changes to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

Notes to the Financial Statements December 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Government-Wide Statements - Continued

The net costs (by function) are normally covered by general revenue (property and personal property replacement taxes, certain intergovernmental revenues, interest income, etc.). The District does not allocate indirect costs. An administrative service fee is charged by the General Fund to the other operating funds that is eliminated like a reimbursement (reducing the revenue and expense in the General Fund) to recover the direct costs of General Fund services provided (finance, personnel, purchasing, legal, technology management, etc.). This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. Funds are organized into two major categories: governmental and proprietary. The emphasis in fund financial statements is on the major funds in the governmental activities categories. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets/deferred outflows, liabilities/deferred inflows, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The District electively added funds, as major funds, which either have debt outstanding or a specific community focus. The nonmajor funds are combined in a column in the fund financial statements.

A fund is considered major if it is the primary operating fund of the District or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the District:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:

General Fund is the general operating fund of the District. It accounts for all revenues and expenditures of the District which are not accounted for in other funds. The General Fund is a major fund.

Notes to the Financial Statements December 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Fund Financial Statements - Continued

Governmental Funds - Continued

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The District maintains one major special revenue fund, the Recreation Fund, which accounts for revenues and expenditures related to the establishment and maintenance of the following programs: sports and fitness, visual and performing arts, youth and adult general interest, camps, teens, preschoolers, seniors and aquatics. The Recreation Fund reports charges for services for recreation programs and property taxes as the major revenue sources for the fund. Charges for services are committed to future recreation programs and facilities and property taxes are also restricted to future recreation programs and facilities.

Debt Service Funds are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The Debt Service Fund is treated as a major fund and accounts for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The District maintains one major capital projects fund, the Capital Improvements Fund, which accounts for all the capital improvements not specifically accounted for in other funds.

Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary fund of the District:

Internal Service Funds are used to account for the financing of goods or services provided by an activity to other departments, funds of the District on a cost-reimbursement basis. The District maintains one internal service fund, the Management Information Systems Fund, which accounts for the computer operations of the District. The District's internal service fund is presented in the proprietary funds financial statements. Because the principal users of the internal services are the District's governmental activities, the financial statements of the internal service fund are consolidated into the governmental column when presented in the government-wide financial statements. To the extent possible, the cost of these services is reported in the appropriate functional activity (general government, culture and recreation, etc.).

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Notes to the Financial Statements December 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING - Continued

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, governmental activities are presented using the economic resources measurement focus as defined below.

All proprietary funds utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows and liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate. All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year end. The District recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

All proprietary funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

Notes to the Financial Statements December 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING - Continued

Basis of Accounting - Continued

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's enterprise fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Cash and Investments

Cash and cash equivalents on the Statement of Net Position are considered to be cash on hand, demand deposits and cash with fiscal agent. For the purpose of the proprietary funds "Statement of Cash Flows," cash and cash equivalents are considered to be cash on hand, demand deposits, cash with fiscal agent and all highly liquid investments with an original maturity of three months or less.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. All of the District's investments are in 2a7-like investment pools that are measured at the net asset value per share determined by the pool.

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers.

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes.

Prepaids/Inventories

Prepaids/inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type inventories/prepaids are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements.

Notes to the Financial Statements December 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more, depending on asset class, are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the District as a whole. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Land Development7 - 20 YearsBuildings and Improvements5 - 45 YearsMachinery and Equipment3 - 20 Years

Deferred Outflows/Inflows of Resources

Deferred outflow/inflow of resources represents a consumption/acquisition of net assets that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

Compensated Absences

The District accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as "terminal leave" prior to retirement.

All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

Notes to the Financial Statements December 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Long-Term Obligations - Continued

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenses.

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets - Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted - All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets."

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

Budgetary funds are controlled by an integrated budgetary accounting system in accordance with various legal requirements that govern the District. The Combined Budget and Appropriation Ordinance is prepared in tentative form by the Executive Director and is made available by the Board for public inspection 30 days prior to final Board action.

A public hearing is held on the tentative budget to obtain taxpayer comments. Prior to April 1 the appropriations, which are generally 20% greater than the operating budget, are legally enacted through the passage of a combined budget and appropriation ordinance. All actual expenditures/expenses contained herein have been compared to the annual operating budget.

Notes to the Financial Statements December 31, 2022

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY - Continued

BUDGETARY INFORMATION - Continued

The Park Board of Commissioners may:

Amend the Budget and Appropriation Ordinance in the same manner as its original enactment.

Transfer between items of any fund not exceeding in the aggregate 10% of the total amount appropriated in such fund.

After six months of the fiscal year, by two-thirds vote, transfer any appropriation item that it anticipates will be unexpended, to any other appropriation item.

Expenditures may not legally exceed budgeted appropriations at the fund level. During the year, no appropriation amendments were made.

NOTE 3 - DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The District maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "cash and investments." In addition, investments are separately held by several of the District's funds.

Permitted Deposits and Investments - Statutes authorize the District to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, and the Illinois Funds and the Illinois Park District Liquid Asset Fund.

The Illinois Funds is an investment pool managed by the Illinois Public Treasurer's Office which allows governments within the State to pool their funds for investment purposes. The Illinois Funds is not registered with the SEC as an investment company. Investments in Illinois Funds are valued at the share price, the price for which the investment could be sold.

The Illinois Park District Liquid Asset Fund allows Illinois park districts, forest preserves and joint recreational programs to pool their funds for investment purposes. The Illinois Park District Liquid Asset Fund is composed of finance officials and treasurers all of whom are employees of the Illinois public agencies, which are investors in the Illinois Park District Liquid Asset Fund is not registered with the SEC as an investment company. Investments in the Illinois Park District Liquid Asset Fund are valued at the share price, the price for which the investment could be sold.

Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk

Deposits. At year-end, the carrying amount of the District's deposits totaled \$13,226,327 and the bank balances totaled \$13,274,932. At year-end, the District has \$1,133,821 invested in the Illinois Funds and \$15,420 invested in the Illinois Park District Liquid Asset Fund, both with an average maturity of less than one year.

Notes to the Financial Statements December 31, 2022

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

DEPOSITS AND INVESTMENTS - Continued

Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk - Continued

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District's formal investment policy states that interest rate risk will be limited by attempting to match it investments with anticipated cash flow requirements. Unless matched to a specific cash flow, the District will not directly invest in securities maturing more than one year from the date of purchase.

Concentration of Credit Risk. This is the risk of loss attributed to the magnitude of the District's investment in a single issuer. To reduce this risk, the District's investment policy states that no financial institution shall hold more than 40% of the District's investment portfolio, exclusive of U.S. Treasury securities in safekeeping, that monies deposited at a financial institution shall not exceed 75% of the capital stock and surplus of that institution, that deposits in the Illinois Public Treasurer's Investment Pool (Illinois Funds) shall not be less than 20% of the District's investment portfolio, and that brokered certificates of deposit shall not be less than 10% of the District's investment portfolio. At December 31, 2022, the District's investments are in compliance with the concentrations of credit risks outlined in the investment policy. At year-end, the District does not have any investments over 5 percent of the total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pool, and other pooled investments).

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits investments in commercial paper, corporate bonds and mutual bond funds to the top two ratings issued by nationally recognized statistical rating organizations. The District's tier one level investments will not be invested in securities maturing more than one year from the date of purchase. The weighted average As of December 31, 2022, the District's investment in the Illinois Funds and the Illinois Park District Liquid Asset Fund were rated AAAm by Standard & Poor's.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. Illinois Funds and the Illinois Park District Liquid Asset Fund are not subject to custodial credit risk disclosures. At year-end, the entire amount of the bank balance of the deposits was covered by federal depository or equivalent insurance. The District's formal investment policy states that the amount of collateral provided will not be less than 110% of the fair market value of the net amount of public funds secured. For an investment, this is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District does not have a formal policy for custodial credit risk for investments. The District's investments in the Illinois Funds and the Illinois Park District Liquid Asset Fund are not subject to custodial credit risk.

PROPERTY TAXES

Property taxes for 2021 attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by DuPage County and are payable in two installments, on or about June 1 and September 1. The County collects such taxes and remits them periodically. The allowance for uncollectible taxes has been stated at 1% of the tax levy, to reflect actual collection experience.

Notes to the Financial Statements December 31, 2022

Total Net Capital Assets	47,460,170	2,358,154	937,054	48,881,270

Depreciation expense was charged to governmental activities as follows:

Culture and Recreation

\$ 2,222,356

Notes to the Financial Statements December 31, 2022

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

INTERFUND TRANSFERS

Interfund transfers for the year consisted of the following:

Transfer In	n Transfer Out	
General	Recreation	\$ 26,368 (1)
Debt Service	General	75,000 (2)
Debt Service	Recreation	75,000 (2)
Capital Improvements	General	1,491,745 (3)
Capital Improvements	Debt Service	113,755 (3)
		1,781,868

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the Debt Service Fund as debt service payments become due, and (3) to move unrestricted fund balance in the General Fund and Debt Service Fund to the Capital Improvements Fund for current and future capital projects.

SHORT-TERM DEBT

General Obligation Limited Tax Park Bonds

The District issues general obligation limited tax park bonds to provide funds for the acquisition, construction and maintenance of major capital facilities. General obligation limited tax park bonds have been issued for governmental activities. General obligation limited tax park bonds are direct obligations and pledge the full faith and credit of the District. The schedule below details the changes in short-term debt for the fiscal year ended December 31, 2022:

]	Beginning			Ending
Issue		Balances	Issuances	Retirements	Balances
General Obligation Limited Tax Park Bonds of 2022 due in one payment of \$604,261 plus interest at 0.50%, on November 16, 2022.	\$	_	614,383	614,383	_

Notes to the Financial Statements December 31, 2022

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

LONG-TERM DEBT

General Obligation Bonds/Debt Certificates

The District issues general obligation bonds and debt certificates to provide funds for the acquisition and construction of major capital facilities. General obligation bonds and debt certificates are direct obligations and pledge the full faith and credit of the District. General obligation bonds and debt certificates currently outstanding are as follows:

Issue	Beginning Balances	Issuances	Retirements	Ending Balances
General Obligation Limited Tax Refunding Debt Certificates of 2011 due in installments of \$60,000 to \$405,000 plus interest at 2.00% to 3.00%, to November 1, 2022.	\$ 405,000	_	405,000	_
Debt Certificates of 2012A due in installments of \$55,000 plus interest at 0.60% to 2.50%, to November 1, 2032.	605,000	_	55,000	550,000
General Obligation Limited Tax Park Refunding Bonds of 2014A due in installments of \$40,000 to \$480,000 plus interest at 2.00% to 3.50%, to December 15, 2025.	1,855,000	_	450,000	1,405,000
General Obligation Limited Park Bonds of 2017A due in installments of \$75,000 to \$170,000 plus interest at 3.75% to 4.00%, to December 15, 2042.	2,505,000	_	80,000	2,425,000
General Obligation Park Bonds (Alternate Revenue Source) of 2019 due in installments of \$105,000 to \$275,000 plus interest at 3.00% to 4.00%, to December 15, 2049.	 5,220,000	_	110,000	5,110,000
	 10,590,000	_	1,100,000	9,490,000

Notes to the Financial Statements December 31, 2022

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

LONG-TERM DEBT - Continued

Long-Term Liability Activity

Changes in long-term liabilities during the fiscal year were as follows:

						Amounts
]	Beginning			Ending	Due within
Type of Debt		Balances	Additions	Deductions	Balances	One Year
Governmental Activities						
Compensated Absences						
General	\$	425,955	53,424	106,848	372,531	74,506
Internal Service		29,001	8,730	4,365	33,366	6,673
Net Pension Liability/(Asset) - IMRF	((4,431,901)	6,734,631	_	2,302,730	_
Total OPEB Liability - RBP		149,303		9,861	139,442	_
Debt Certificates		1,010,000		460,000	550,000	55,000
General Obligation Bonds		9,580,000		640,000	8,940,000	655,000
		6,762,358	6,796,785	1,221,074	12,338,069	791,179

For governmental activities, the compensated absences, the net pension liability/(asset) and the total OPEB liability are liquidated by the General Fund. Payments on the general obligation bonds and debt certificates are made by the Debt Service Fund. The internal service fund compensated absences are liquidated by the Management Information Systems Fund. The internal service fund predominantly serves the governmental funds. Accordingly, its long-term liabilities are included as part of the above totals for governmental activities.

Legal Debt Margin

Chapter 70, Section 1205/6-2 of the Illinois Compiled Statutes provides "...for the payment of land condemned or purchased for parks or boulevards, for the building, maintaining, improving and protection of the same and for the payment of the expenses incident thereto, or for the acquisition of real estate and lands to be used as a site for an armory, any park district is authorized to issue the bonds or notes of such park district and pledge its property and credit therefore to an amount including existing indebtedness of such district so that the aggregate indebtedness of such district does not exceed 2.875% of the value of the taxable property therein, to be ascertained by the last assessment for state and county taxes previous to the issue from time to time of such bonds or notes or, until January 1, 1983, if greater, the sum that is produced by multiplying the district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, if a petition, signed by voters in number equal to not less than 2% of the voters of the district, who voted at the last general election in the district, asking that the authorized aggregate indebtedness of the district be increased to not more that .575% of the value of the taxable property therein, is presented to the Board and such increase is approved by the voters of the district at a referendum held on the question."

Assessed Valuation - 2021	\$ 2,887,471,849
Legal Debt Limit - 2.875% of Assessed Value Amount of Debt Applicable to Limit	83,014,816 4,380,000
Legal Debt Margin	78,634,816
Non-Referendum Legal Debt Limit 0.575% of Assessed Valuation Amount of Debt Applicable to Debt Limit	16,602,963 3,830,000
Non-Referendum Legal Debt Margin	12,772,963

FUND BALANCE CLASSIFICATIONS

In the governmental funds financial statements, the District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The District first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

Nonspendable Fund Balance. Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Notes to the Financial Statements December 31, 2022

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

FUND BALANCE CLASSIFICATIONS - Continued

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Commissioners; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Commissioners' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Commissioners itself or b) a body or official to which the Board of Commissioners has delegated the authority to assign amounts to be used for specific purposes. The District's highest level of decision-making authority is the Board of Commissioners, who is authorized to assign amounts to a specific purpose.

Unassigned Fund Balance. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

The following is a schedule of fund balance classifications for the governmental funds as of the date of this report:

		_	Special Revenue	Debt	Capital Projects Capital

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

FUND BALANCE CLASSIFICATIONS - Continued

Minimum Fund Balance Policy. The District's policy manual states that the General Fund should maintain a minimum fund balance equal to 35 percent of budgeted operating expenditures. The policy further states that the Recreation Fund should maintain a minimum fund balance equal to 10 percent of budgeted operating expenditures.

NET POSITION CLASSIFICATIONS

Net investment in capital assets was comprised of the following as of December 31, 2022:

Governmental Activities Capital Assets - Net of Accumulated Depreciation	\$ 48,881,270
Plus: Unamortized Loss on Refunding	84,955
Less Capital Related Debt:	
General Obligation Bonds	(8,940,000)
Debt Certificates	(550,000)
Net Investment in Capital Assets	39,476,225

NOTE 4 - OTHER INFORMATION

RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to the District's employees; and net income losses. These risks are provided for through participation in the Park District Risk Management Agency and private insurance coverage. The District has purchased insurance from private insurance companies; covered risks include medical, dental, life and other. Premiums have been displayed as expenditures/expenses in appropriate funds. There were no significant changes in insurance coverages from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years.

Notes to the Financial Statements December 31, 2022

NOTE 4 - OTHER INFORMATION - Continued

RISK MANAGEMENT - Continued

Park District Risk Management Agency (PDRMA)

Since 1984, the District has been a member of the Park District Risk Management Agency (PDRMA), a joint risk management pool of park and forest preserve districts, and special recreation associations, through which property, general liability, automobile liability, crime, boiler and machinery, public officials' and workers compensation coverage is provided in excess of specified limits for the members, acting as a single insurable unit. The following table is a summary of the coverage in effect for the period of January 1, 2022 to January 1, 2023:

		PDRMA Self-

Losses exceeding the per occurrence self-insured and reinsurance limit would be the responsibility of the District.

As a member of PDRMA, the District is represented on the Board of Directors and is entitled to one vote. The relationship between the District and PDRMA is governed by a contract and by-laws that have been adopted by resolution of the District's governing body. The District is contractually obligated to make all annual and supplementary contributions to PDRMA, to report claims on a timely basis, cooperate with PDRMA, its claims administrator and attorneys in claims investigations and settlement and to follow risk management procedures as outlined by PDRMA.

Members have a contractual obligation to fund any deficit of PDRMA attributable to a membership year during which they were a member.

PDRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Board of Directors. PDRMA also provides its members with risk management services, including defense of and settlement of claims, and establishes reasonable and necessary loss reduction and prevention procedures to be followed by the members.

Notes to the Financial Statements December 31, 2022

NOTE 4 - OTHER INFORMATION - Continued

RISK MANAGEMENT - Continued

Park District Risk Management Agency (PDRMA) - Continued

The following represents a summary of PDRMA's Property/Casualty Program balance sheet at December 31, 2021 and the statement of revenues and expenses for the period ending December 31, 2021. The District's portion of the overall equity of the pool is 1.980% or \$1,130,464.

Assets	\$ 77,156,496
Deferred Outflows of Resources - Pension	871,829
Liabilities	19,465,811
Deferred Inflows of Resources - Pension	1,466,716
Total Net Position	57,095,798
Revenues	17,390,850
Nonoperating Revenues	2,635,445
Expenditures	19,688,616

Since 96.36% of PDRMA's liabilities are reserves for losses and loss adjustment expenses which are based on an actuarial estimate of the ultimate losses incurred, the Member Balances are adjusted annually as more recent loss information becomes available.

CONTINGENT LIABILITIES

Litigation

The District is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the District's attorney the resolution of these matters will not have a material adverse effect on the financial condition of the District.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

RELATED PARTY TRANSACTIONS

The District has issued debt in the amount of \$927,500 to fund renovations at the Sugar Creek Golf Course. The Sugar Creek Golf Course has entered into a contractual agreement with the District to reimburse the District for the related principal and interest payments as they become due. As of December 31, 2022, the balance outstanding on the agreement is \$—. As of December 31, 2022, the balance outstanding on the operational loan is \$1,351,763.

Notes to the Financial Statements December 31, 2022

NOTE 4 - OTHER INFORMATION - Continued

JOINT VENTURES

Sugar Creek Golf Course

The District and the Village of Villa Park, Illinois (the "Village") have entered into a joint agreement for the operation and maintenance of a nine-hole golf course facility known as Sugar Creek Golf Course. The agreement provides that the District and Village share equally in the ownership of all property and in any profits and deficits resulting from golf course operations. As of December 31, 2022, the balance outstanding on the operational loan is \$1,351,763. The balance is recorded as a long-term note receivable on the General Fund Balance Sheet.

Management consists of an Administrative Board comprised of seven members. Three Board members are appointed by the District and three Board members are appointed by the Village, with the seventh Board member being appointed by the District or the Village in alternate years. The District does not exercise any control over the activities of the golf course beyond its representation on the Board of Directors. The audited financial statements of Sugar Creek Golf Course are available at 500 East Van Buren, Villa Park, Illinois 60181.

Summary financial information as of, and for the fiscal year ended December 31, 2022 is as follows:

Current Assets	\$ 803,296	Revenues	\$ 1,578,444
Capital Assets - Net	3,694,704		
Other Noncurrent Assets	5,173	Expenses	995,968
Deferred Outflows	146,078		
		Change in Net Position	582,476
Total Assets/Deferred Outflows	4,649,251		
	 _	Net Position - Beginning	 1,537,296
Liabilities	2,518,803		 _
Deferred Inflows	10,676	Net Position - Ending	 2,119,772
	 _		
Total Liabilities/Deferred Inflows	 2,529,479		
	 _		
Net Position	 2,119,772		

Gateway SRA

The District and seven other contiguous Districts, Villages and Cities have entered into a joint agreement known as the Gateway SRA to provide cooperative recreational programs and other activities for disabled individuals. The District contributed \$218,214 to Gateway SRA during the current fiscal year.

Each agency selects one board member to sit on the Board of Directors of the Association. The Board adopts its own budget based upon anticipated funds to be available and generally adopts the operating policies, invests funds and otherwise directs the operations of the joint venture independent of its member agencies. Although the District maintains an equity interest in the joint venture, summary financial information is not available, and therefore the investment in the joint venture is not recorded. The audited financial statements of Gateway SRA are available at 15W431 East 59th Street, Burr Ridge, Illinois 60527.

Notes to the Financial Statements December 31, 2022

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN

The District contributes to one defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at www.imrf.org. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

Illinois Municipal Retirement Fund (IMRF)

Plan Descriptions

Plan Administration. All hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Benefits Provided. IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

IMRF provides two tiers of pension benefits. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Notes to the Financial Statements December 31, 2022

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Plan Membership. As of December 31, 2022, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	125
Inactive Plan Members Entitled to but not yet Receiving Benefits	175
Active Plan Members	93
Total	393

Contributions. As set by statute, the District's Regular Plan Members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the year-ended December 31, 2022, the District's contribution was 9.25% of covered payroll.

Net Pension Liability/(Asset). The District's net pension liability/(asset) was measured as of December 31, 2022. The total pension liability used to calculate the net pension liability/(asset) was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2022, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Fair Value
Actuarial Assumptions Interest Rate	7.25%
Salary Increases	2.85% to 13.75%
Cost of Living Adjustments	2.75%
Inflation	2.25%

Notes to the Financial Statements December 31, 2022

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Actuarial Assumptions - Continued. For nondisabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

		Long-Term
		Expected Real
Asset Class	Target	Rate of Return
Fixed Income	25.50%	4.90%
Domestic Equities	35.50%	6.50%
International Equities	18.00%	7.60%
Real Estate	10.50%	6.20%
Blended	9.50%	6.25% - 9.90%
Cash and Cash Equivalents	1.00%	4.00%

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Discount Rate

The discount rate used to measure the total pension liability was 7.25%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that District contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability to changes in the discount rate. The table below presents the net pension liability of the District calculated using the discount rate as well as what the District's net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	·	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
District Sugar Creek	\$	6,141,378 (705,724)	2,302,730 131,427	350,515 (40,279)

Notes to the Financial Statements December 31, 2022

NOTE 4 - OTHER INFORMATION - Continued

OTHER POST-EMPLOYMENT BENEFITS

General Information about the OPEB Plan

Plan Description. The District's defined benefit OPEB plan, Retiree Benefits Plan (SCRBP), provides OPEB for all permanent full-time general and public safety employees of the District. SCRBP is a single-employer defined benefit OPEB plan administered by the District. Article 11 of the State Compiled Statutes grants the authority to establish and amend the benefit terms and financing requirements to the District Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Benefits Provided. RBP provides the retired employee and his or her spouse are eligible to continue health insurance identical to active employees if they meet the eligibility for retirements under the applicable Plan. The retiree is responsible for paying the entire monthly premium for health coverage and that of any covered spouse or eligible dependents.

Plan Membership. As of December 31, 2022, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	3
Inactive Plan Members Entitled to but not yet Receiving Benefits	_
Active Plan Members	77
Total	80

Total OPEB Liability

The District's total OPEB liability was measured as of December 31, 2022, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the December 31, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%
Salary Increases	2.50%
Discount Rate	4.31%
Healthcare Cost Trend Rates	7.25% Initial Trend Rate and 4.00% Ultimate Trend Rate

Notes to the Financial Statements December 31, 2022

NOTE 4 - OTHER INFORMATION - Continued

OTHER POST-EMPLOYMENT BENEFITS - Continued

Total OPEB Liability - Continued

The discount rate was based on a high-quality municipal bond rate of 4.31%, while the prior valuation used 2.25%. The high-quality municipal bond rate was based on the week closest but not later than the measurement date of the Bond Buyer 20-Bond Index as published by the Federal Reserve. The 20-Bond Index consists of 20 general obligation bonds that mature in 20 years. The average rating of the 20 bonds is roughly equivalent to Moody's Investors Service's Aa2 rating and Standard & Poor's Corp.'s AA.

Mortality rates were based on the PubG-2010 Mortality Tables projected to the valuation date using Projection Scale MP-2019.

Change in the Total OPEB Liability

	Total OPEB Liability		
Balance at December 31, 2021	\$	149,303	
Changes for the Year:			
Service Cost		10,397	
Interest on the Total OPEB Liability		3,326	
Changes of Benefit Terms			
Difference Between Expected and Actual Experience		23,199	
Changes of Assumptions or Other Inputs		(22,890)	
Benefit Payments		(23,893)	
Net Changes		(9,861)	
Balance at December 31, 2022		139,442	

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The discount rate used to measure the total pension liability was 4.31%, while the prior valuation used 2.25%. The following presents the total OPEB liability, calculated using the discount rate, as well as what the total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher:

			Current	
	1	% Decrease	Discount Rate	1% Increase
		(3.31%)	(4.31%)	(5.31%)
Total OPEB Liability	\$	156,310	139,442	125,583

Notes to the Financial Statements December 31, 2022

NOTE 4 - OTHER INFORMATION - Continued

OTHER POST-EMPLOYMENT BENEFITS - Continued

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the total OPEB liability, calculated using a variable Healthcare Trend Rate, as well as what the total OPEB liability would be if it were calculated using a Healthcare Trend Rate that is one percentage point lower or one percentage point higher:

		Healthcare Cost	
	1% Decrease	Trend Rates	1% Increase
	(Varies)	(Varies)	(Varies)
Total OPEB Liability	\$ 124,225	139,442	158,198

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

Per GASB Statement No. 75, under the Alternative Measurement Method, changes in Total OPEB Liability are immediately recognized as expense, resulting in no deferred outflows of resources or deferred inflows of resources related to OPEB.

For the year ended December 31, 2022, the District recognized an OPEB expense of \$17,232.

REQUIRED SUPPLEMENTARY INFORMATION

Required supplementary information includes financial information and disclosures that are required by the GASB but are not considered a part of the basic financial statements. Such information includes:

- Schedule Employer Contributions
 Illinois Municipal Retirement Fund
- Schedule of Changes in the Employer's Net Pension Liability/(Asset) Illinois Municipal Retirement Fund
- Schedule of Changes in the Employer's Total OPEB Liability Retiree Benefit Plan
- Budgetary Comparison Schedules
 General Fund
 Recreation Special Revenue Fund

Notes to the Required Supplementary Information

Budgetary information - budgets are adopted on a basis consistent with generally accepted accounting principles.

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such schedules include:

- Budgetary Comparison Schedules Major Governmental Funds
- Budgetary Comparison Schedules Internal Service Fund

INDIVIDUAL FUND DESCRIPTIONS

GENERAL FUND

The General Fund is used to account for all revenues and expenditures of the District which are not accounted for in other funds.

SPECIAL REVENUE FUND

The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than fiduciary funds or capital projects funds) that are legally restricted to expenditure for specified purposes.

Recreation Fund

The Recreation Fund is used to account for revenues and expenditures related to the establishment and maintenance of the following programs: sports and fitness, visual and performing arts, youth and adult general interest, camps, teens, preschoolers, seniors and aquatics. The Recreation Fund reports charges for services for recreation programs and property taxes as the major revenue sources for the fund.

DEBT SERVICE FUND

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

CAPITAL PROJECTS FUND

Capital Projects Funds are used to account for financial resources used for the acquisition or construction of major capital assets (other than those financed by business-type/proprietary funds).

The Capital Improvements Fund is used to account for all the capital improvements not specifically accounted for in other funds.

INTERNAL SERVICE FUND

The Internal Service Fund are used to account for the financing of goods or services provided by one department or agency to other departments or agencies, or to other governmental units on a cost-reimbursement basis.

Management Information Systems

The Management Information Systems Fund is used to account for the computer operations of the District.

STATISTICAL SECTION (Unaudited)

This part of the annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the District's most significant local revenue sources.

Debt Capacity

These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.
