CHAPTER 8: PERMITS AND OTHER AUTHORITIES

8.1 - Special Use Permits

Special Use Permits are required for public assemblies, exhibitions, or meetings where the number of participants may be reasonably assumed to exceed fifteen (15) or more persons in attendance (as described in Section 5.22) and large-scale events (e.g., craft fair, parade, run/walk, concerts, events with tents and structures, etc.).

1. Special Use Permits may be granted upon proper application and approval where the applicable section of this Ordinance or any other District ordinance, policy, rule, or regulation requires a Permit in order to engage in a particular Park or facility use.
2. Every Person requesting a Permit must complete and file a written application with the Executive Director or their designee, on forms provided by the District, and submit applicable application fees

at the 375 W. First Street Administrative Office, Kies Recreation Center, Wagner Community Center, and other appropriate locations.

3. Except as provided in subsection 3(b), applications for Permits must be submitted to the District at least thirty (30) business days prior to the activity for which a Permit is sought except for activities which involve the exercise of First Amendment rights; applications which involve the exercise of First Amendment rights must be submitted to the District at least forty-eight (48) hours prior to the activity for which a Permit is sought.
 - a) For the purposes of this Section 8.1, the term “exercise of First Amendment rights” shall include, without limitation, parades, marches, demonstrations, rallies, religious services, speeches, solicitation of votes, petition signatures or contributions, picketing and leafleting, or as defined by law.
 - b) This application deadline shall not apply to applications for Permits under Section 5.13 (Selling and Distribution of Materials or Soliciting Fees on District Property) and Section 8.2 (Picnic Area Permits).
4. The Executive Director or their designee approves all Special Use Permit applications. The District will respond to an application for a Permit within seven (7) business days from the time of the application’s receipt. For applications under Section 3.11 (Alcoholic Liquor), Section 5.13 (Selling and Distribution of Materials or Soliciting Fees on District Property) and Section 8.3 (Commercial Use of Park Property), the District shall have at least fourteen (14) business days from the time of the application’s receipt to review the application. However, the District reserves the right to take additional time to review any application. If the District determines that it will exercise this right, it shall notify the applicant within forty-eight (48) hours after the District’s receipt of the application.
5. Except as provided in this subsection 5, the District will issue the requested Permit without unreasonable delay subject to the necessity of an investigation of whether:
 - a. the proposed activity violates any federal, state, local, or District law, rule, or regulation; or
 - b. a prior application for a Permit for the same date, time, and location has been or will be granted and the activities authorized by that Permit do not reasonably allow multiple occupancy of that particular area; or
 - c. the proposed activity is of such a nature that it cannot reasonably be accommodated in the particular location applied for, considering, without limitation, the likelihood of such things as damage to District resources or facilities, damage to an environmentally sensitive or protected area’s ecosystem, impairment of a protected area’s atmosphere of peace and tranquility, unreasonable interference with District functions, buildings, facilities, operations, programs or activities, or unreasonable interference with the District Property applied for; or
 - d. the proposed activity would substantially impair the operation or use of facilities or services of District concessionaires or contractors; or
 - e. the proposed activity would negatively impact the neighborhood around the park; or
 - f. the proposed activity would so dominate the use of District Property as to preclude other Persons from using and enjoying the Park or other District Property.

This subsection 5 is not applicable to Permits for commercial activity permitted under Section 8.3 (Commercial Use of Park Property) of this Ordinance or for the sale or delivery of Alcoholic Liquor

under Section 5.11. The District reserves the right to exercise its discretion in issuing Permits under these Sections.

6. If the application is approved, the District will issue a written Permit to the applicant. If the application is denied, the District shall issue the applicant the reasons for denying the application in writing. If an application is denied on the basis of a scheduling conflict or inappropriateness of the location, duration, or time of the activity, the District will make an effort to arrange an alternative that is acceptable to all parties. If an application is denied or the applicant is dissatisfied with such Permit as issued, they may appeal the decision to the Park Board at the next regularly scheduled Board meeting after the decision is rendered. If the Board rejects the appeal after full review, or if time for full review is not available, the applicant may appeal the decision to the appropriate state or federal court. All other decisions on the issuance of Permits by the District are final.
7. Any Permit granted by the District may contain lawful prerequisites prior to or after issuing of the Permit and restrictions on the conduct of the permitted use, including without limitation: payment of a reasonable fee; provision of general liability insurance coverage; an agreement to fully indemnify and hold the District harmless from any liability or costs resulting from the use; a requirement that the Persons involved in the use observe all federal, state, local, and District laws, ordinances, rules, and regulations; time, duration, and location restrictions; payment of a restoration deposit; a written agreement by the applicant to fully restore any District Property soiled or damaged by the use; and, any reasonable restriction necessary for the efficient and orderly administration of the use, other uses with a Permit, and regular District uses, functions, programs, and activities.
8. No Permit shall be issued for a period of more than three (3) consecutive calendar days unless approved by the Executive Director or their designee. A Permit may be extended for the same periods of time upon a new application, unless another Person has requested use of the same location and multiple use of that location is not reasonably possible. This subsection shall not apply to Permits granted under Section 5.13 (Selling and Distribution of Materials or Soliciting Fees on District Property) or Section 3(a) of this policy. For Permits granted under those Sections, the District shall determine the length of time that a Permit will be valid.
9. Violation of any of the terms and conditions of any Permit issued by the District and/or park and facility rules, by the applicant, or any agent, servant, employee, participant of the applicant, may result in closure of the event, loss of deposit, and/or additional fees.
10. For uses involving the exercise of First Amendment rights, the District may waive any application or Permit fees if the applicant demonstrates that the costs of such fees are prohibitive. The District may also waive any application or Permit fees for governmental units or community organizations within District boundaries. An applicant must request a waiver of fees in writing.
11. The programs and activities of the District and permitted groups shall have priority over all other uses of District Parks and facilities. Any Person using any facility, or any portion thereof, which may be reserved by obtaining a Permit, but who has not obtained such a Permit, shall vacate said area when the holders of a valid Permit present themselves. When no Permit has been issued, then the use of such areas shall be on a first come, first served basis consistent and compatible with their intended use. The District further reserves the right to restrict use of all District Parks and facilities when

conflicts arise with scheduling, maintenance, public safety, or other reasons beyond or under the District's control.

12. Except as provided in subsection 1(a), every applicant for a Special Use Permit shall acquire general liability insurance to protect him/herself and the District from liability resulting from their use of District Property and provide proof of such insurance to the District before the District will issue a Permit to an otherwise acceptable applicant in the coverage amounts recommended by the District's insurance provider, the Park District Risk Management Agency. The District must be named on the general liability insurance as additionally insured. Where possible, an applicant may purchase a rider to the District's insurance policy.

- a. For activities involving the exercise of First Amendment rights, the District may waive the requirement of insurance if the applicant demonstrates that their organization cannot procure general liability insurance or that the cost of procuring such insurance or acquiring a rider to the District's insurance policy is prohibitive. An applicant must request such a waiver in writing.

13. Every applicant must execute and deliver to the Park District an agreement, which will be provided by the District, to indemnify and hold the District harmless from legal liability, property damage or injury to Persons caused by the negligent or unlawful acts of the applicant or any member, volunteer, employee, agent, participant, or other Person associated with the applicant or their group or organization.

8.2 - Picnic Area Permit

The District has designated group picnic sites at Butterfield, Berens, Salt Creek and Wilder Parks that a Person or group may reserve from mid-May to mid-October. A group picnic site is defined as having at least five picnic tables in close proximity, adequate trash barrels, a grill and coal bin, and a restroom within walking distance. If a group wants exclusive use of a group picnic area, a permit is required regardless of the size of the requesting group.

The number of individuals at a group picnic area cannot exceed the maximum carrying capacity of the group picnic area as determined by the District. The maximum carrying capacity is the approximate maximum number of picnickers that an area can accommodate. Refer to the District's website or seasonal program guide for group picnic information (e.g. area locations, capacity, amenities, regulations, etc.).

A. Reservation Process

Requests for picnic reservations are accepted starting on the first business day in January. All resident picnic requests received before 8:00 a.m. on the third Monday of January will be processed at random. After this process is completed, resident picnic requests are processed on a daily basis. Non-resident picnic requests are processed starting on the first business day in February.

B. Permits and Fees

Permit fees for resident groups are charged for Saturdays, Sundays, and holidays. To receive the resident rate for the permit, the person(s) applying must be a District resident and present at the picnic site. A District resident is an individual who resides within District boundaries.

Permit fees for non-resident groups (including non-resident school groups) are higher than for resident groups and are charged for all days of the week at non-resident rates.

The most current picnic rates are detailed on a rate schedule available on the District's website and seasonal program guide. The District does not grant refunds for permits due to cancellation, inclement weather, etc.

8.3 - Commercial Use of Park Property Permit

For purposes of this policy, "commercial use" is defined as the for-profit or non-profit production of a film, video, still photograph or other product or item which is intended to be marketed, sold, conveyed or distributed for consideration or which is intended to be used in connection with the sale of a product or for training employees of a commercial business.

All applicants must show clearly that the applicant has made satisfactory arrangement to meet the following concerns of the District:

1. Protection of the environment and the physical condition of park lands, vegetation and facilities, including restoration of the site if required;
2. Minimized disruption of public use and public enjoyment;
3. Avoidance of public safety hazards, public nuisance and public health problems, including engaging the services of park and public safety personnel during park use if necessary;
4. Limiting the Park District's potential liability exposure; and
5. Reimbursement to the Park District for damage to District Property.

A. Application

Persons seeking to use District Property for commercial purpose apply on forms provided by the District, which must be submitted to the District at least thirty (30) business days prior to the activity for which a Permit is sought. Applications must be completed in full, and all other documentary evidence required must be provided, including a certificate of insurance as required by the District's insurance provider, the Park District Risk Management Agency. The Permit application shall include, but is not limited to, the number of people to be used in filming, equipment to be used, the areas requested, date and start and end time requested, hold harmless agreement, insurance requirements, and any additional requirements the permittee has for the use of the property. The District shall have at least fourteen (14) business days from the time of the application's receipt to review the application. However, the District reserves the right to take additional time to review any application.

B. Fees

It is the policy of the District to charge fees for commercial use of District Property. These fees are determined by the Executive Director or their designee on a case-by-case basis depending on the nature of the use. The entire fee must be paid prior to use.

The District may, in its sole discretion, waive or reduce the required fee with respect to commercial use under the following circumstances:

- a) where the use or product derived or made from such use is for educational or instructional purposes in Park District or local school programs; or
- b) the use furthers (directly or indirectly) or the proceeds from the sale or distribution of the product

- derived or made from such use are in support of a public purpose; or
- c) the use or product of such use is made by a not-for-profit organization which is affiliated with the Park District or the majority of whose members are residents of the Park District; or
 - d) the use is for the production of a commercial film made by a local business or video for viewing exclusively on a local cable television station; or
 - e) the user donates/barters or contributes something of at least equal value to the Park District; or
 - f) the waiver or reduction of fee is otherwise determined by the Executive Director or their designee to be in the best interest of the Park District.

In addition to the foregoing fees, the Park District will charge for items as applicable, such as electricity, labor for clean-up, required security or supervision, and rental charges for any Park District equipment required by the permittee, at rates established by the Park District. Further, depending on the nature/duration of the proposed use, the Park District may require a security/restoration deposit.

8.4 - Restoration Deposit

The District will require payment of a restoration deposit as a prerequisite to the issuance of certain types of Permits. The District shall refund the deposit if the Person responsible for the permitted use cleans any refuse caused or left by the activity or the activity's participants and restores District Property to the condition it was in prior to the activity to the District's satisfaction. The deposit will be returned to the Person responsible within ten (10) days after the permitted use.

If the District is required to clean up or restore District Property after the activity, the Person responsible for the activity shall pay the District for all costs and expenses associated with the cleanup and restoration. The cost of the cleanup and restoration shall be deducted from the restoration deposit. If any funds remain after the cleanup and restoration costs have been paid, said excess funds shall be returned to the permittee. If the costs and expenses for the cleanup and restoration exceed the amount of the restoration deposit, the District reserves the right to bill the permittee and to pursue any and all legal options for the collection of any and all damages. The District may accept a written agreement to clean up and restore District Property after the permitted use if the applicant can demonstrate that payment of a restoration deposit would create an undue financial hardship. If the permittee does not satisfactorily perform according to the agreement, the District reserves the right to bill the permittee, discontinue the permittee's future use of District Property, and pursue any and all legal options to remedy the situation.

8.5 - Other Authority

Activities otherwise prohibited under this Ordinance, or any other District ordinance, policy, rule, or regulation may be conducted or engaged in by a Person, their agents, and/or employees, if done in strict conformance with the provisions of an agreement with the District that has been duly authorized by the Board.

CHAPTER 9: ENFORCEMENT

Fines may be recovered by an action in the name of the District in the Circuit Court for the 18th Judicial Circuit if not paid by the Person committing the offense after a judgment has been entered in Court of the issuance of the notice of the violation, specifying the amount of the fine. The procedure in such actions shall be the same as that provided by law for like actions for the violation of ordinances in cities organized under the general laws of the State of Illinois.
