Participant Information

ePACT

Elmhurst Park District uses a secure system called **ePACT** for participant and emergency contact information. You will receive an email from ePACT inviting you to complete your child's profile. If your child's record is not completed by the first day of school, your child will not be permitted to attend until the form is completed.

The following items must be uploaded to your child's ePACT account prior to the first day of school:

- *State of Illinois DHS Certificate of Child Health Examination* form, filled out by your child's physician
- *Birth Certificate*

All ePACT forms must be completed accurately and thoroughly by Friday, August 14th

Your child's ePACT record is the first source of information instructors will use regarding your child in the event of emergency. Please make sure to alert your child's instructors and update ePACT with any changes to your child's contact information, authorized individuals, or medical history.

Medication

Under the guidance of a physician, you should make every effort to adjust medication schedules so that medication may be administered under your supervision.

If your child needs medication dispensed during preschool hours, instructors can be authorized to do so if the proper forms have been fully completed.

In some instances, the administration of medication cannot be performed by Elmhurst Park District staff due to specific or complex physician or manufacturer instructions or invasive procedures.

Medications sent to preschool, including over-the-counter medications, must be given to instructors in the original container. Medications must be properly labeled by the pharmacist or accompanied with a physician's order or doctor's note.

You are responsible for ensuring all medications are within their expiration date and for collecting medications once discontinued or on the last day of preschool.

Medication Dispensing forms can be found online under the Documents & Forms section of the Registration Information page at <https://www.epd.org/registration-information>.

Food Allergies

For everyone's safety, our preschool classrooms have been designated as *nut restricted*, meaning we attempt to avoid nuts, but we cannot guarantee the complete absence of nuts or nut products in our classrooms.

Arrival & Dismissal

Parking

Vehicles must be parked in a legal parking space. It is not permissible to stop, park, or drop off in the fire lane. Parking regulations will be monitored and strictly enforced. Your cooperation is appreciated as it helps maintain a safe environment for all patrons and preschoolers.

Class Arrival

Instructors will open the door for drop-off at the start of class time. Arriving to preschool on time minimizes class disruptions and ensures that your child can fully participate in arrival activities, which are an important component of the daily schedule.

Crestview Park Recreation Building

Line up with your child outside of the building door for check-in.

Wilder Park Recreation Building

Line up with your child outside of the building door for check-in.

Easing Separation Anxiety

It is common for children to experience separation anxiety at the beginning of the school year, especially if this is your child's first time in a preschool setting. Rest assured that our instructors are skilled at comforting an upset child and engaging them in an activity within the first ten-minutes of drop off. If the child is still showing signs of stress and anxiety after the first ten-minutes, the instructors will seek your assistance.

You are encouraged to discuss any concerns with us so that we can work together to develop strategies to ensure a smooth transition for your child.

Class Dismissal

You or an authorized individual must check out your child promptly at the end of class. You must list authorized individuals on your child's ePACT record.

Authorized individuals must present a valid state identification card or driver's license until the instructors get to know them. Please be sure to update your ePACT record with any changes to authorized individuals.

If you need to request pick up by an individual not listed in ePACT, you can request a one-time authorization by either emailing the Program Supervisor or providing a signed note to the instructors at drop-off. Note that instructors are unable to alter pick-up arrangements on verbal requests alone. Be sure to update ePACT if you need to add or modify your list of authorized persons who can pick up your child on an ongoing basis.

Late Pick-up Fee Policy

Please make every effort to pick up your child promptly at dismissal. If you will be unable to pick up your child on time, contact:

Daily Sequence

Sunbeams & Rainbows Preschool Daily Sequence

The Sunbeams & Rainbows Preschool daily schedule is designed to incorporate individual, small group, and large group interaction among classmates and instructors. All aspects of the curriculum, as well as classroom centers and toys, are carefully selected to provide active and engaging exploratory learning activities.

Classroom Interest Centers

Sunbeams & Rainbows Preschool classrooms are equipped with interest centers that are designed to foster complex play and promote collaboration and socialization.

Dramatic Play Center

The Dramatic Play Center includes dress-up clothes and a kitchen with play dishes, kitchen utensils, and food and is designed to inspire creativity and imagination. Engaging in dramatic play allows children to understand different perspectives, develop problem-solving skills, improve communication skills, and deepen their understanding of the world around them.

Art Exploration Center

With multi-sided easels and different art materials and tools, the Art Exploration Center is the perfect place for children to experience the art process. While creating, children build fine motor skills and develop autonomy as they make their own unique artistic choices.

Science Discovery Center

Stocked with natural materials and scientific tools like magnifying glasses, magnetic wands, and microscopes, the Science Discovery Center allows children to explore and investigate! Children learn the fundamentals of the scientific method as they predict, observe, experiment, and solve problems.

Technology & Writing Center

Children can explore a variety of writing materials like dry erase boards, different writing tools, and types of paper at the Technology & Writing Center. Here, children develop pre-writing skills like communicating ideas through symbols and drawings, spatial awareness, and fine motor and grasp development.

Library Center

Comfortable cushions and seating create the perfect environment for reading a good book! Each Library Center is stocked with fiction and nonfiction picture books. Engaging with books develops pre-literacy skills like turning pages and tracking text from left to right.

Math & Manipulatives Center

Counting and shape blocks, pattern activities, geoboards, and more make up the Math & Manipulatives Center. These tools support the development of math skills, like counting, sorting, creating patterns, and solving problems.

Sensory Table

Children are invited to explore the Sensory Table, which uses elements like sand and water to develop fine motor skills, hand-eye coordination, and sensory integration.

Music and Movement Center

Through musical instruments, parachutes, and ribbon twirlers, children learn rhythm and creative movement, develop gross motor skills, and practice self-expression.

What to Bring & Wear to Preschool

Children should dress in comfortable, washable clothing, as many preschool activities are messy. Gym shoes are recommended to permit full participation in activities. Please label all clothing and personal items with the child's first and last name.

The following items are needed daily:

- Full size backpack
- Labeled and filled water bottle
- Full set of seasonally appropriate extra clothes

Each child will have a cubby or hook to hang jackets and backpacks. Instructors are not responsible for lost or stolen items, so please leave money, valuables, and personal items such as toys, games, and electronic devices at home.

Restroom Use

Children enrolled in Sunbeams & Rainbows Preschool must be able to use the restroom independently. The routine use of diapers or pull-ups is not permitted.

Children should wear clothing that aids in restroom independence. Please avoid sending children to preschool with difficult belts, buttons, or one-piece outfits.

Children can use the restroom as needed. Instructors will also periodically prompt children to take restroom breaks.

Occasionally, a child may have a toileting accident. Instructors are not responsible for changing soiled clothing; however, they will verbally direct the child to change clothing in the restroom. The instructors will call you and inform you of the accident. If the child was not able to change clothing, you will need to come to the classroom and either change the child or pick up the child. The A parent/caregiver is expected to be available within fifteen minutes to change or assist the child.

Snack

We are excited to share that snack time will be an integral part of our preschool routine this upcoming year at Sunbeams & Rainbows Preschool.

By participating in a shared snack time children learn healthy eating habits, mealtime etiquette, and social skills.

We kindly request that each family sign up to bring an approved snack for the class on a rotating basis. More information regarding snack sign-up and the *Approved Snack* list will be available at *Meet the Teacher*.

Family Involvement

Sunbeams & Rainbows Preschool emphasizes family involvement, as it allows parents/caregivers to gain an understanding of the program and showcase the importance of preschool and learning.

We are excited to invite families into our classrooms for special activities throughout the school year.

Do you have a special talent, hobby, career, or educational activity that you would like to share with your child's class? Contact your child's instructors to arrange for a classroom visit.

Parent Communication

Sunbeams & Rainbows Preschool instructors are looking forward to providing your child with a positive and rewarding preschool experience. We hope to establish mutual relationships with each child and family.

Please check your child's backpack daily to remain up to date on classroom activities and special events. Calendars and classroom newsletters will be sent home at the beginning of each month.

You may contact your child's instructors via phone or email. Instructors will return calls and respond to emails before or after class.

HomeRoom App

The *HomeRoom* app is a secure platform that instructors use to post classroom photos, provide quick updates, and post reminders. As a user of the app, you can "like" posts, download photos, and comment. Please refer to following guidelines when commenting on posts in the app:

1. Be Respectful: Please keep comments friendly and supportive!
2. Stay Focused: All comments should be related to preschool and classroom activities.

Please refrain from using *HomeRoom* comments as your primary form of communication with classroom instructors, as comments may not be reviewed daily.

Conferences & Assessments

Sunbeams & Rainbows Preschool instructors will routinely assess each child's development. Instructors will complete an initial formal assessment in the fall, and then again in the spring.

In addition to assessments, parent/teacher conferences will be held in November to discuss your child's development and learning. You will receive conference sign-up information via e-mail in early November.

Classroom Parties & Celebrations

Throughout the year, Sunbeams & Rainbows Preschool will host seasonal celebrations and parties. Details regarding each celebration will be sent home with the monthly calendar and communicated via the *HomeRoom* app.

If your family has a special tradition or celebration that you would like to share with your child's class, please contact your child's instructors.
